PREFACE

I am the student of MSC(IT&CA) (SEM-3) from SHREE G.K. & C.K. Bosmia Arts and Commerce college, Jetpur, we have undertaken this project.

The main purpose of arranging such training is to get some practical knowledge & experience about the various aspects of management because the theoretical knowledge is not enough as there is wide gap between theoretical knowledge and practical knowledge.

I have noticed all the required information for my practical training. I have taken all required information for our website & which is required in the "Baby Care" which i have presented in website.

I have putted on my efforts for preparing this report as best as possible. But then too it is being a student, there may be possibilities for error and mistakes. I hope that concerned authority will kindly accept this report.
